# Country Commitment Form

---

Country: **ANGOLA**

*Describe the specific financial, policy and programmatic actions your country commits to take to expand access to voluntary family planning by 2020:*

**Financial Commitment:**

By 2020, ensure the annual allocation of at least USD 500,000 through the State Budget for the implementation of the National Family Planning Strategy.

**Political Commitment:** By 2020, develop the Reproductive Health Law including Family Planning.

Existing supporting documents:

- National Health Policy, 2010
- National Family Planning Strategy, 2017-2021
- National Strategy of Reproductive Health Maternal Neonatal Infant Adolescents Nutrition, 2019-2024
- Comprehensive Health Care Strategy for Adolescents and Young People, 2016-2020
- Demographic Dividend Study, 2019
- National Communication Strategy for the Ideal Moment and Healthy Spacing of Pregnancies and Family Planning / MIESG-PF
- Comprehensive Sexual Education Initiative (ESA)

**Programme Commitment:** Implement the national family planning strategy prioritizing actions focused on adolescents and young people (15 to 24 years old).

- Expand the integrated FP to the package of SRH care services, including people living with HIV.
- Until 2021, increase the use of condoms among adolescents and young people from 33% to 55% among girls and from 42% to 60% among boys. This result is aligned with the First Lady's "Born to Shine" campaign and the Angolan government's commitment to ensure a wide choice of contraceptive methods (barrier, short-acting, long-acting reversible, permanent, and emergency contraception).
- Until 2021, increase the family planning coverage to 38%\*

Government Department responsible for the commitment:

Secretary of State for Public Health / Ministry of Health and National Directorate of Public Health.

Government Focal Point for the communication on the commitment:

Dr. José Vieira Dias da Cunha, Secretary of State for Public Health / Dr. Isilda Maria S. Neves, Public Health National Director
