

Germany Federal Ministry of Economic Cooperation and Development (BMZ) Commitment

Narrative:

We provide rights-based family planning services in more than 20 countries. By the end of 2023, we will have provided funding for family planning services, including modern contraceptives to reach 6 million CYP.

In more than 20 countries we provide access to sexual and reproductive health and rights information and services. By the end of 2023, x* women and girls have been supported in the realization of their sexual rights and reproductive health services.

Outcomes & Value:

Germany commits approximately 200 million Euros of its bilateral funding in 2022 and 2023 to rights-based family planning and reproductive health, 25% of this is likely to be dedicated directly to family planning per year (25% out 100 Mio. Euro yearly), depending on partner countries' priorities. These include contributions to UNFPA Supplies, the UNFPA MHTF and the annual core contribution to IPPF and other FiT payments. Additionally, Germany supports UNFPA with an annual core contribution.

By the end of 2023, we will have provided funding for family planning services in more than 20 partner countries to reach 6 million CYP (timeline 2022-2023).

By the end of 2023 X women and girls will have been supported in the realization of their right to sexual self-determination and reproductive health (timeline 2022-2023).

* This objective will be based on a new indicator which the BMZ launches with the new strategy later this year
